

# Add a contact

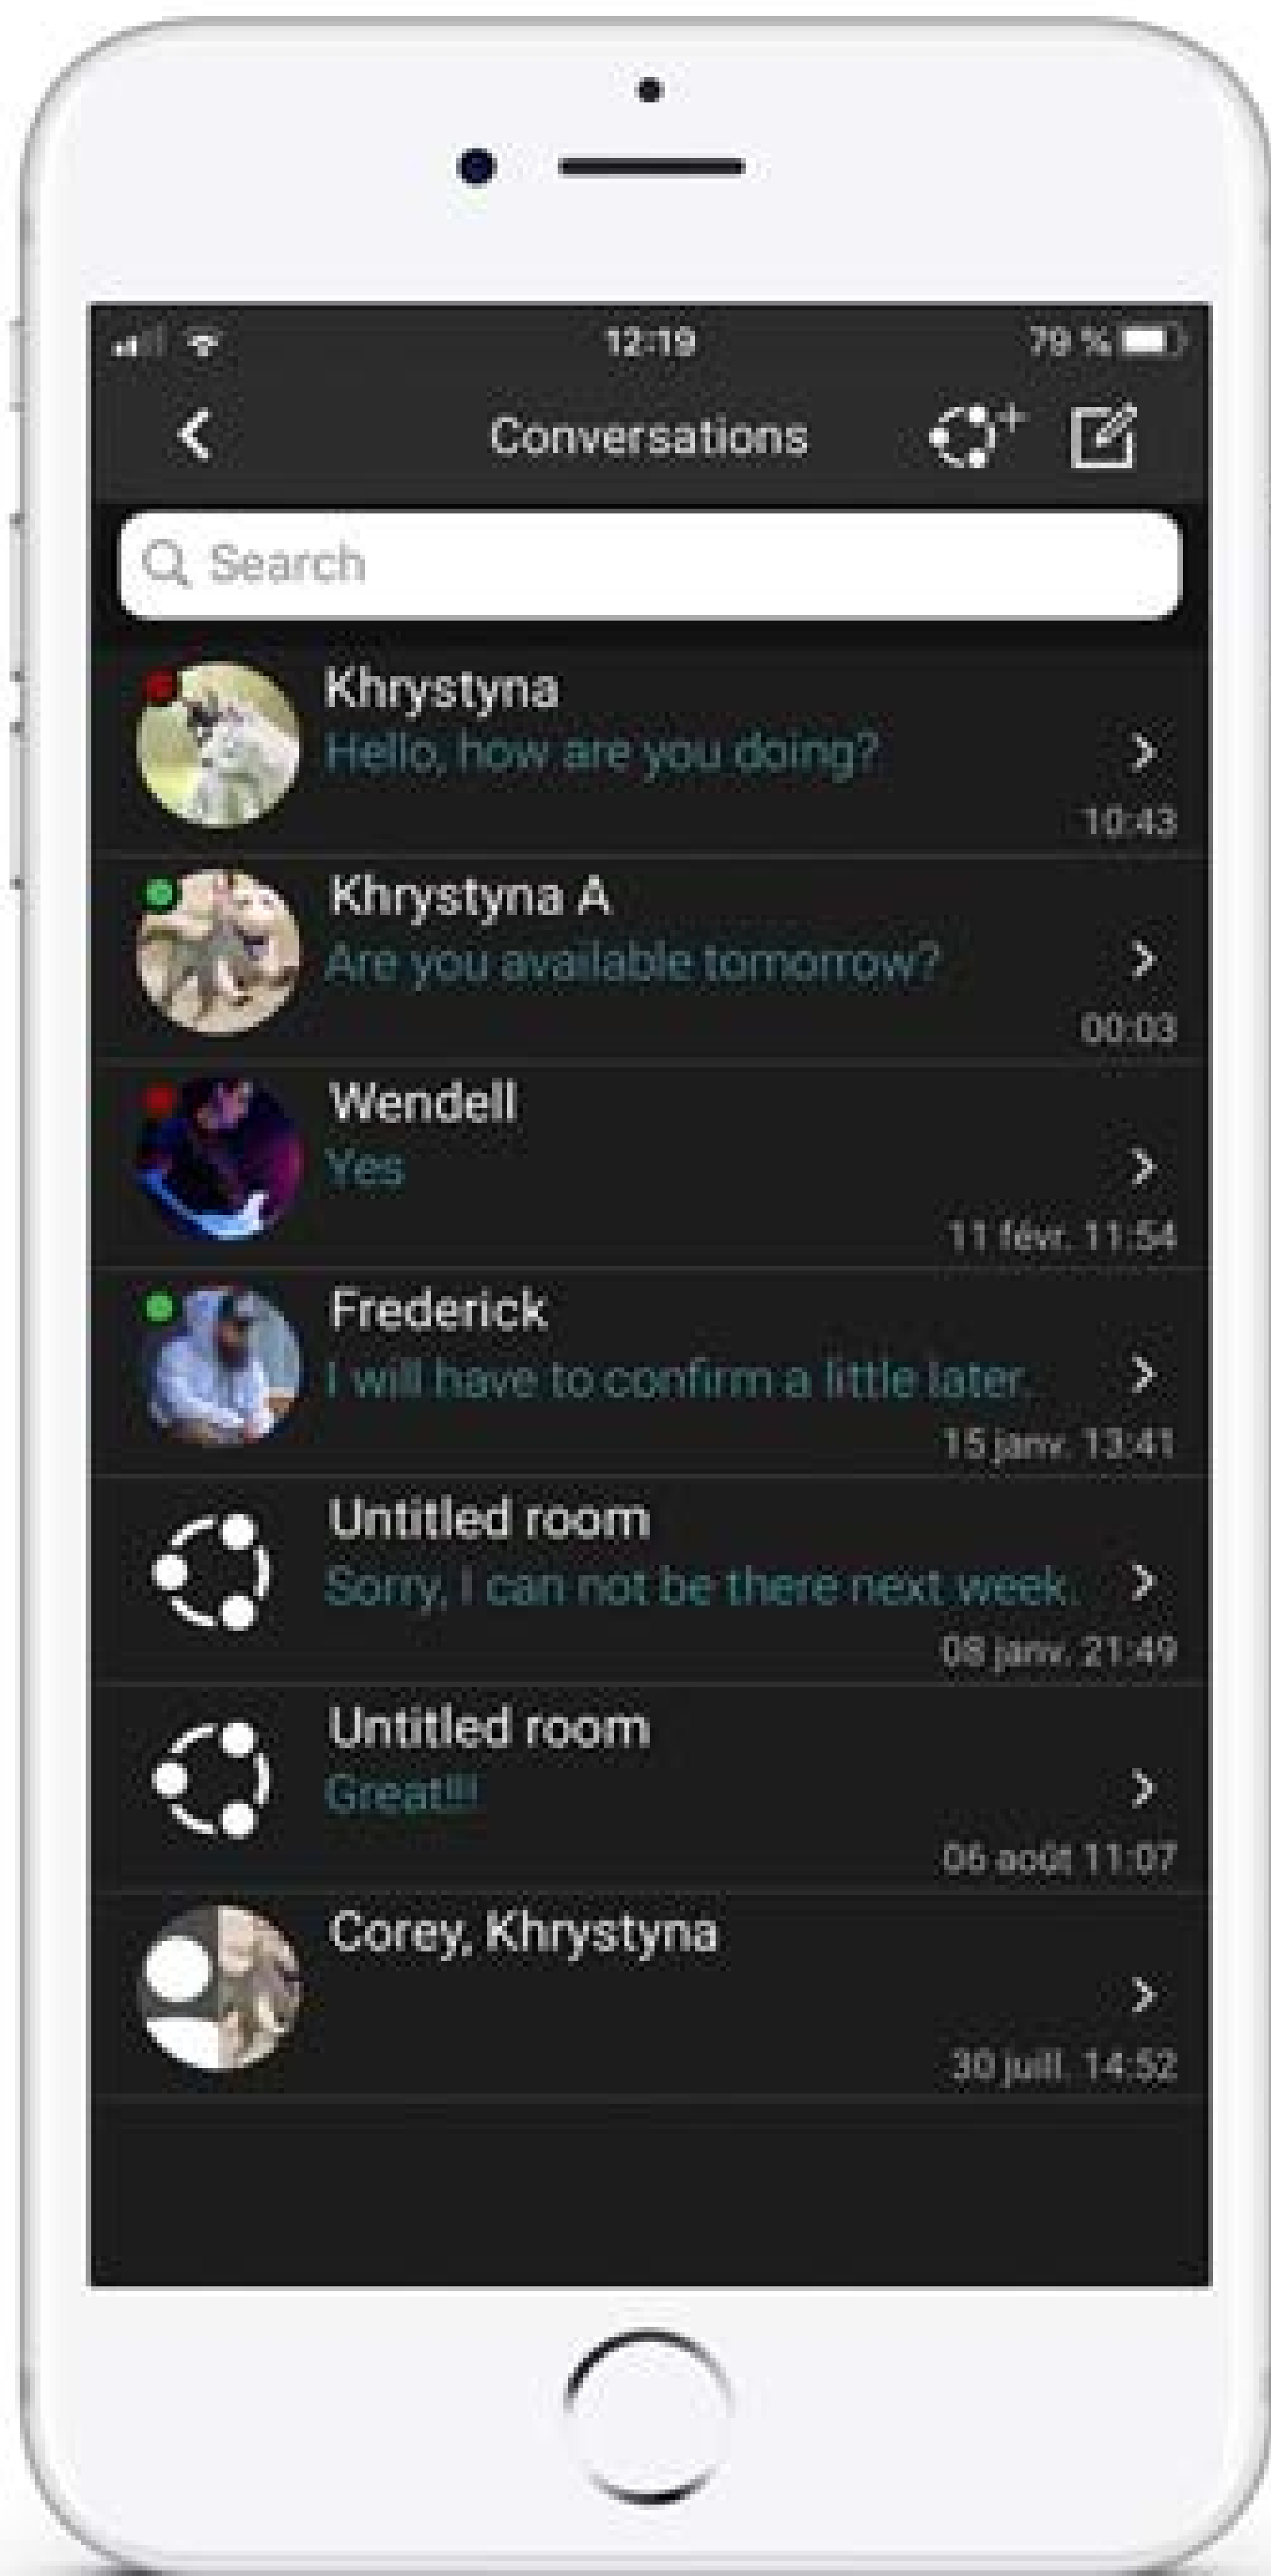

Tap + to add a contact.

# Instant messaging

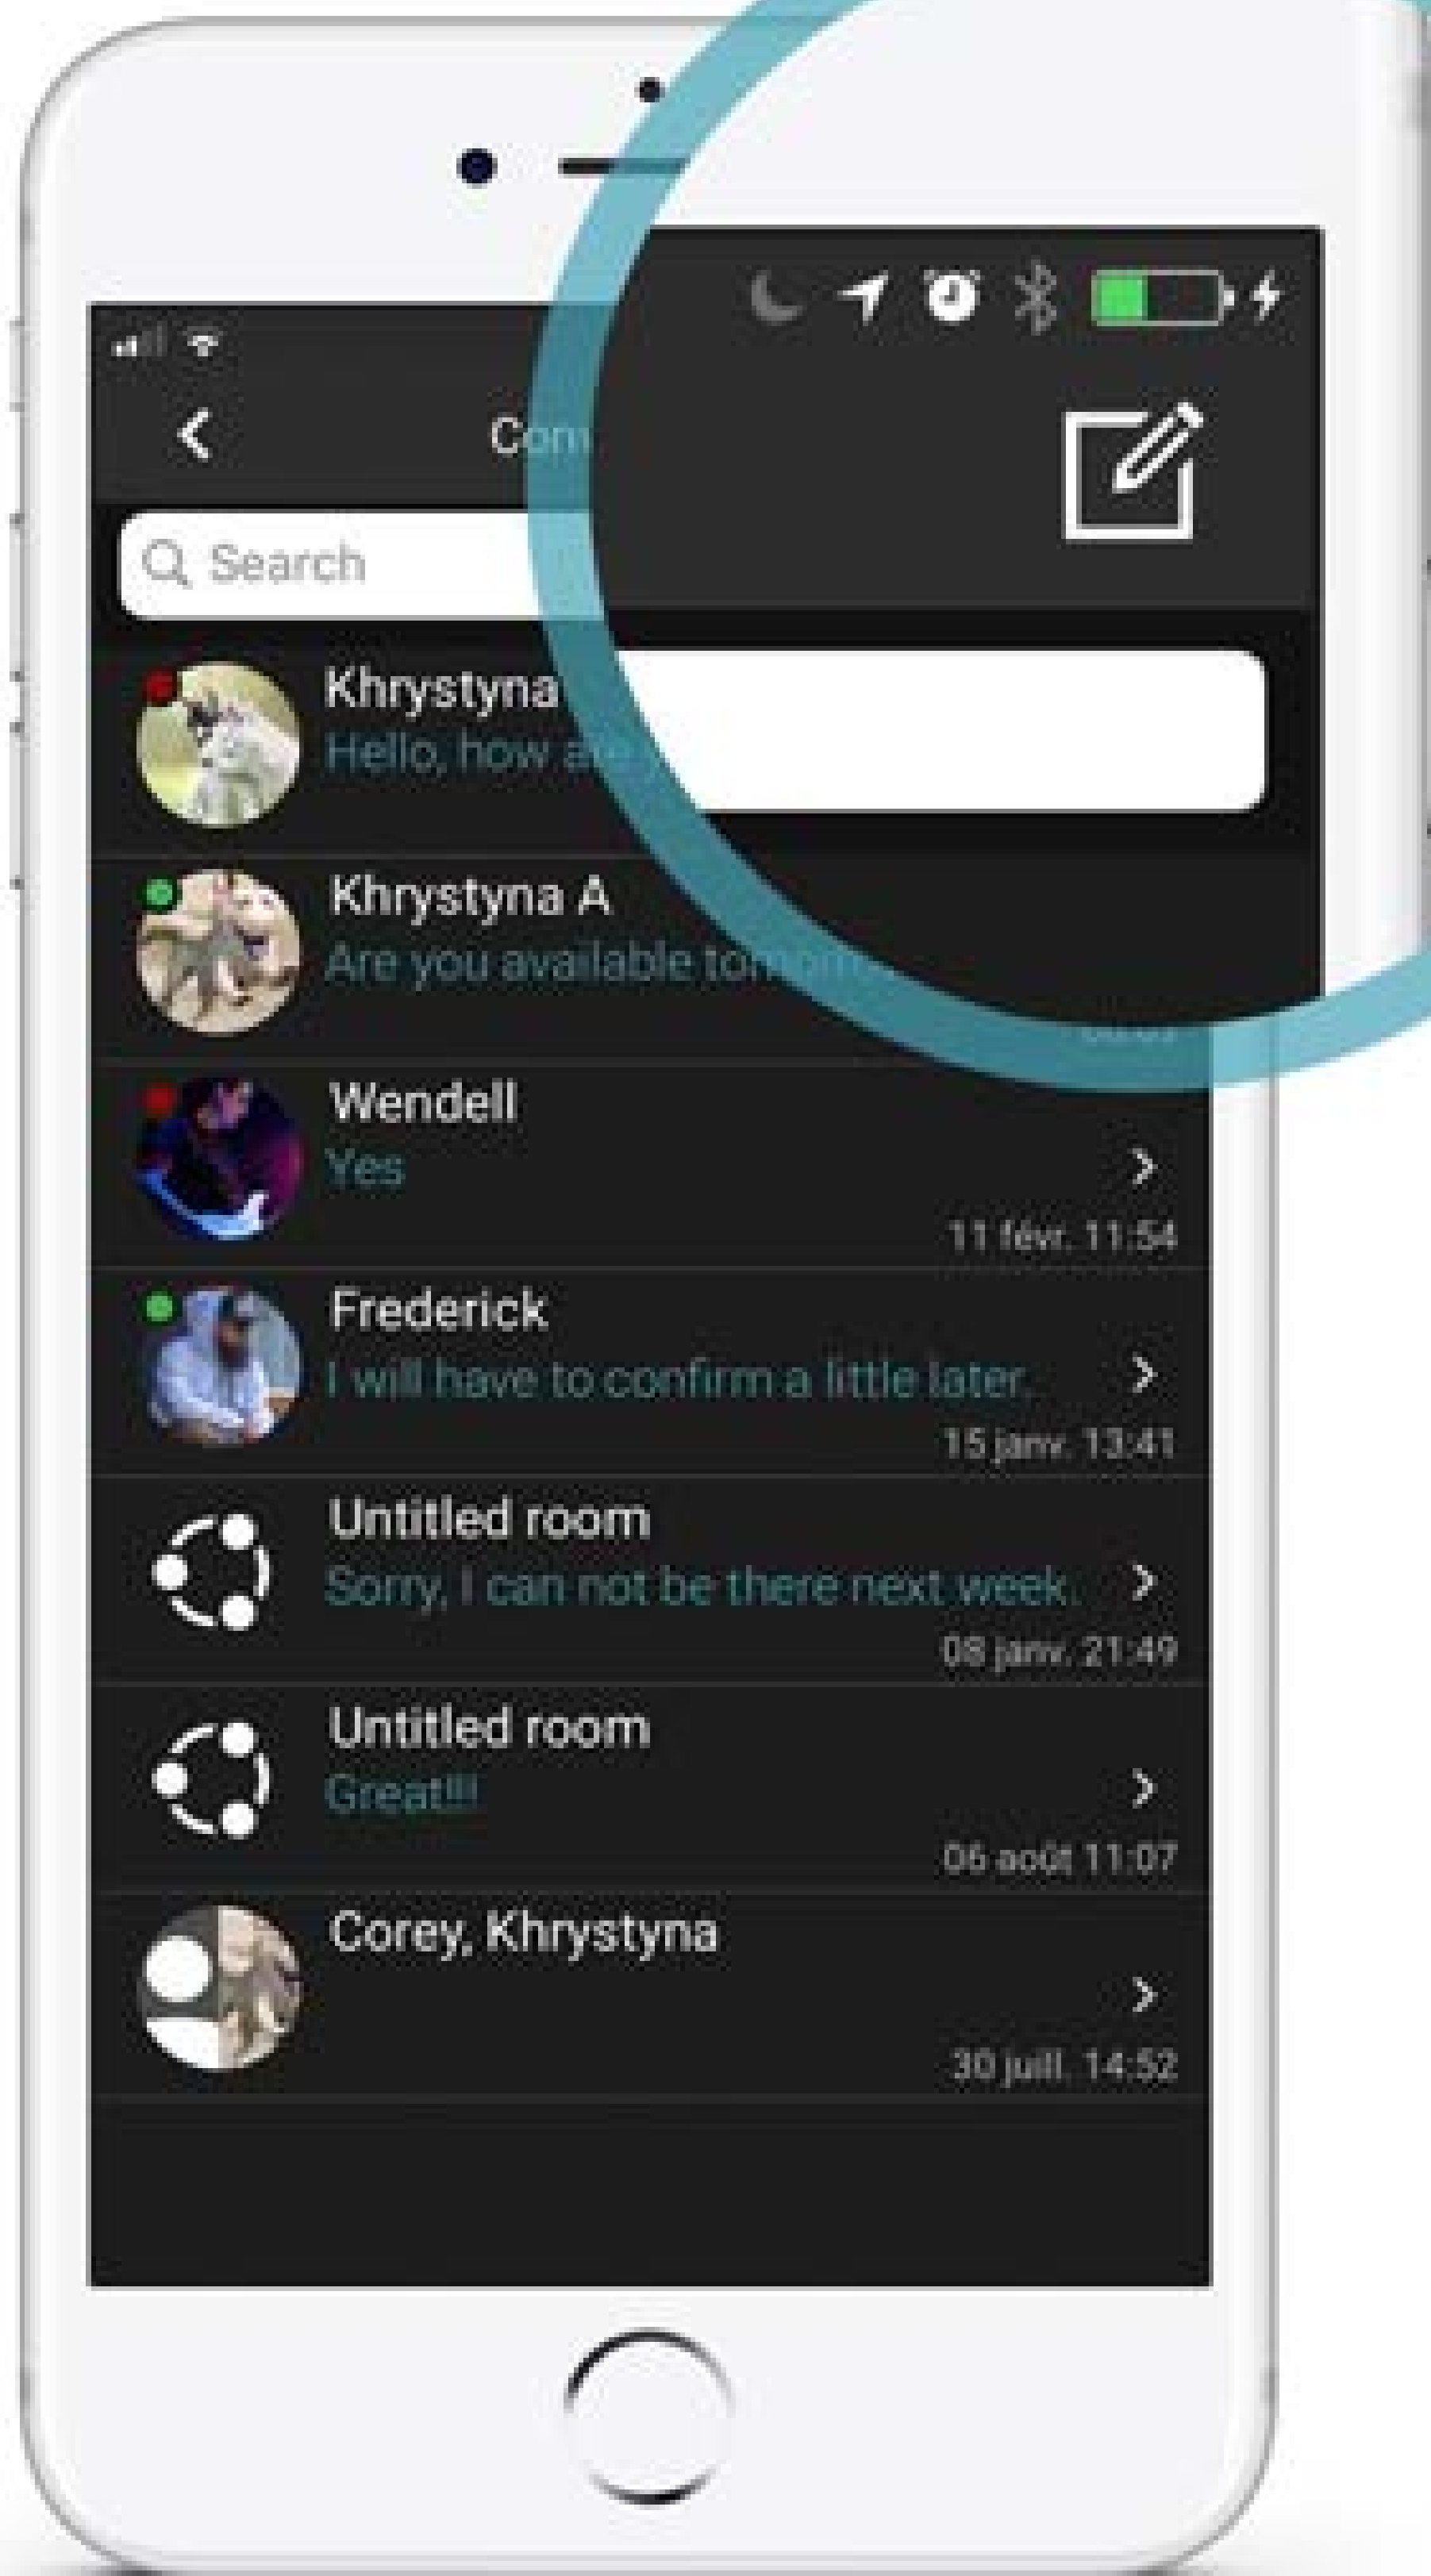

Tap on the “Messaging” icon to start a conversation

# Instant messaging

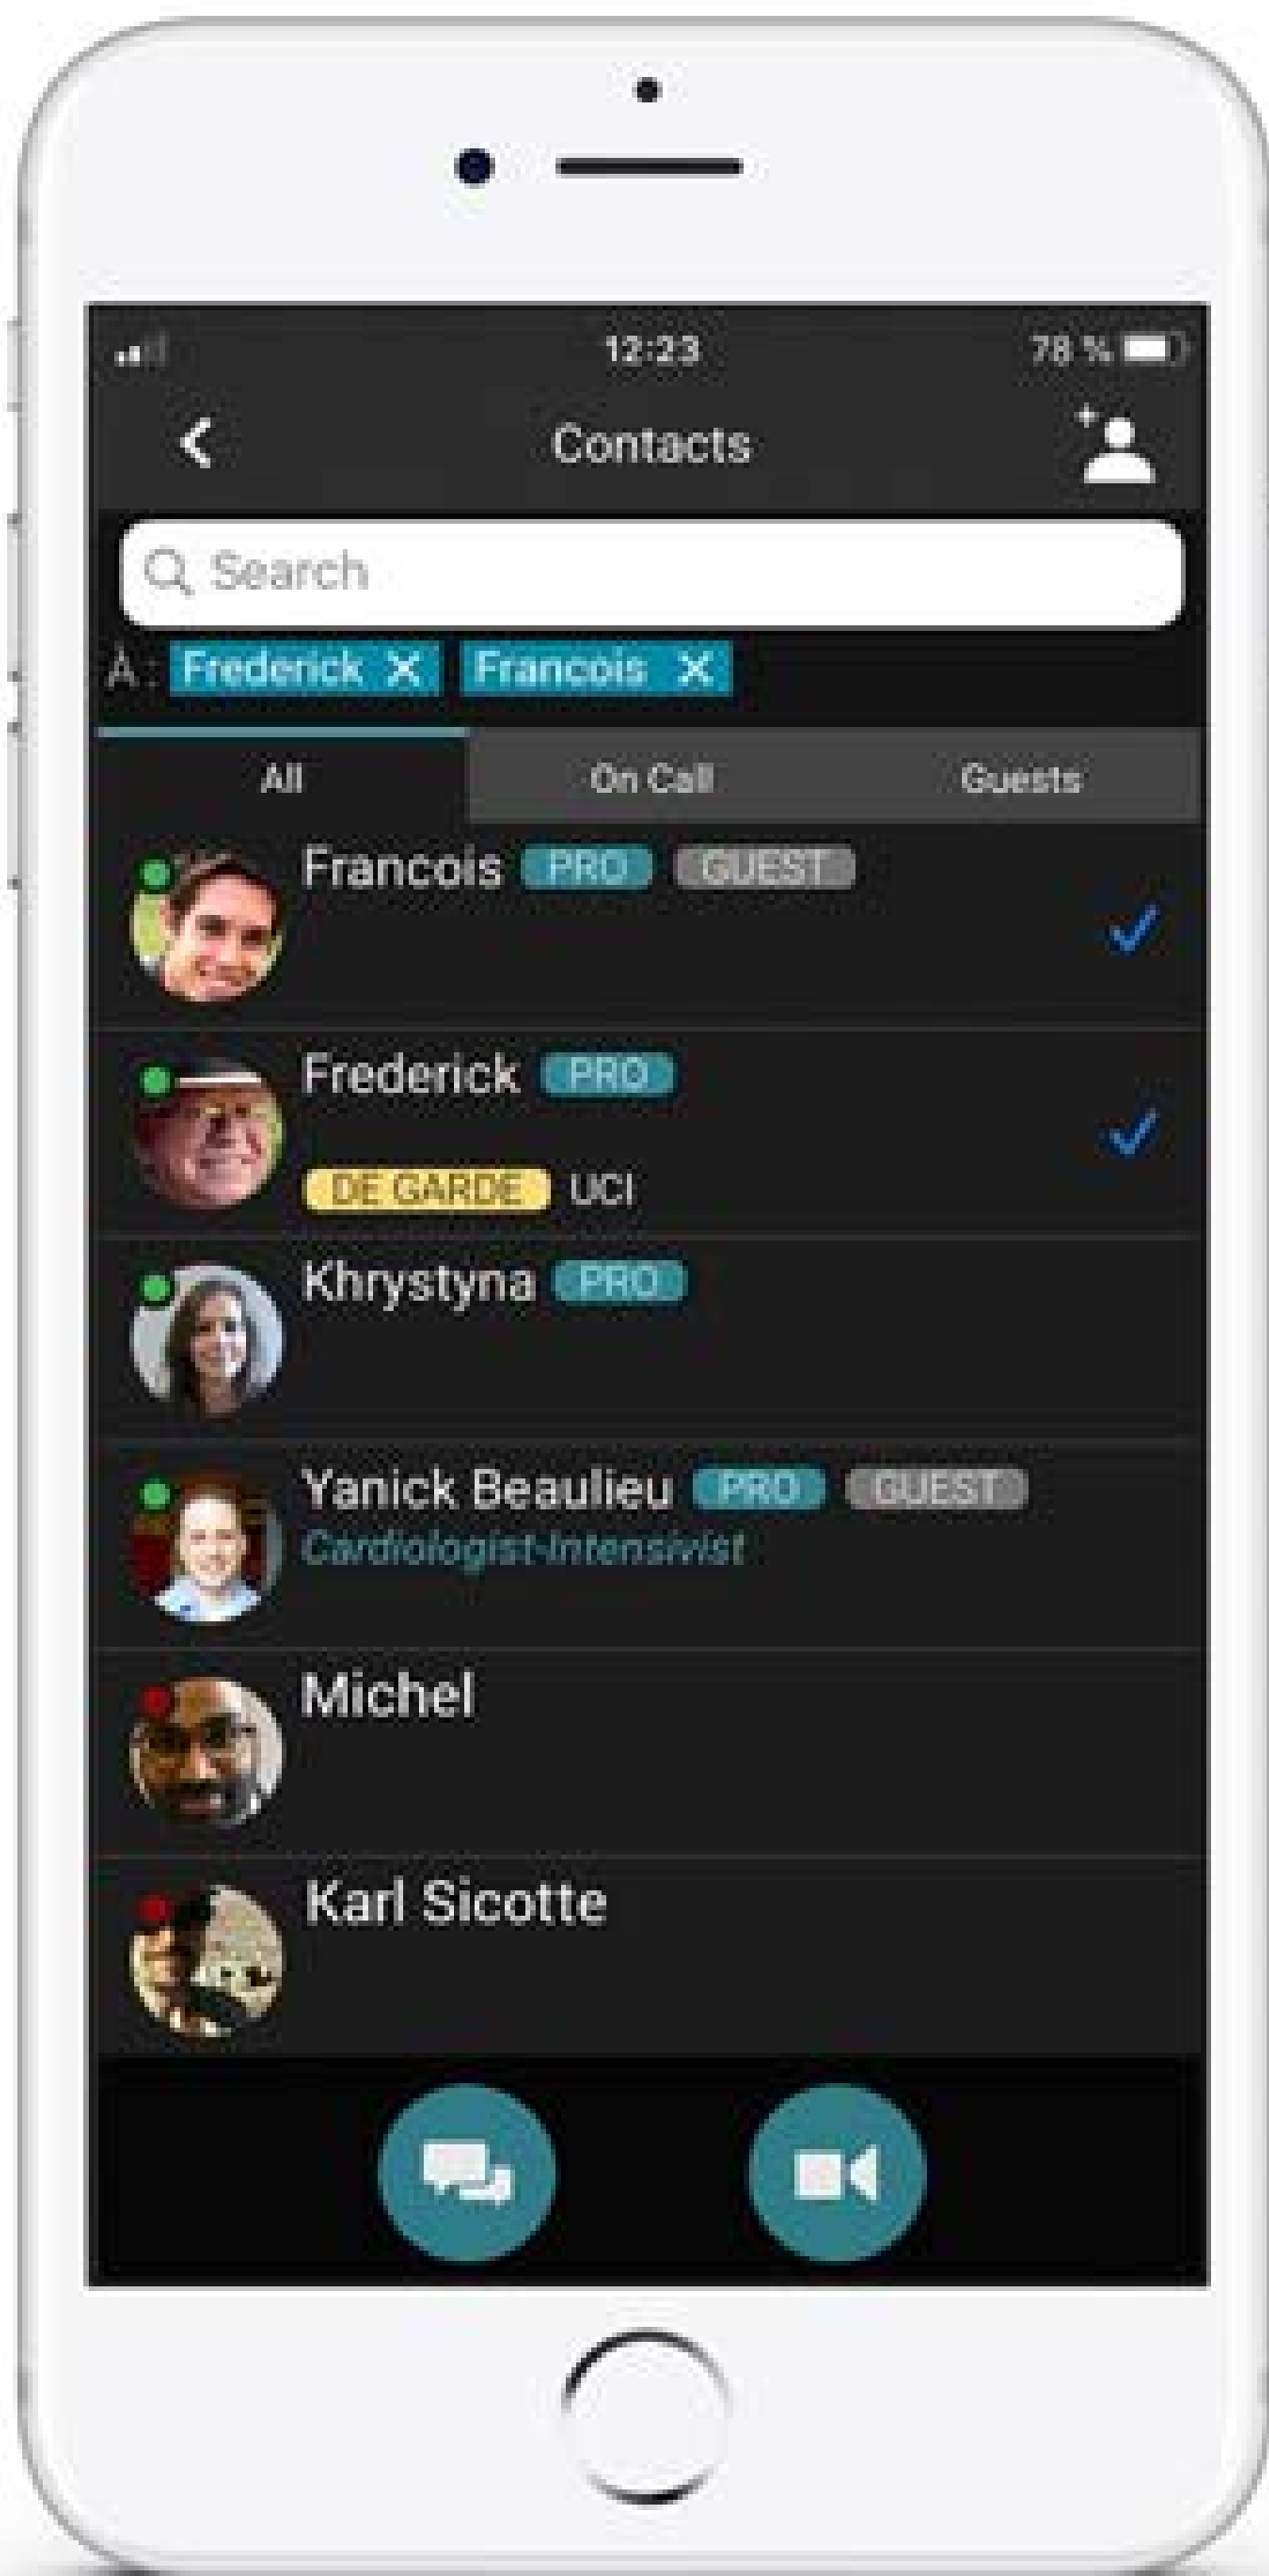

You can either choose an existing conversation...

# Instant messaging

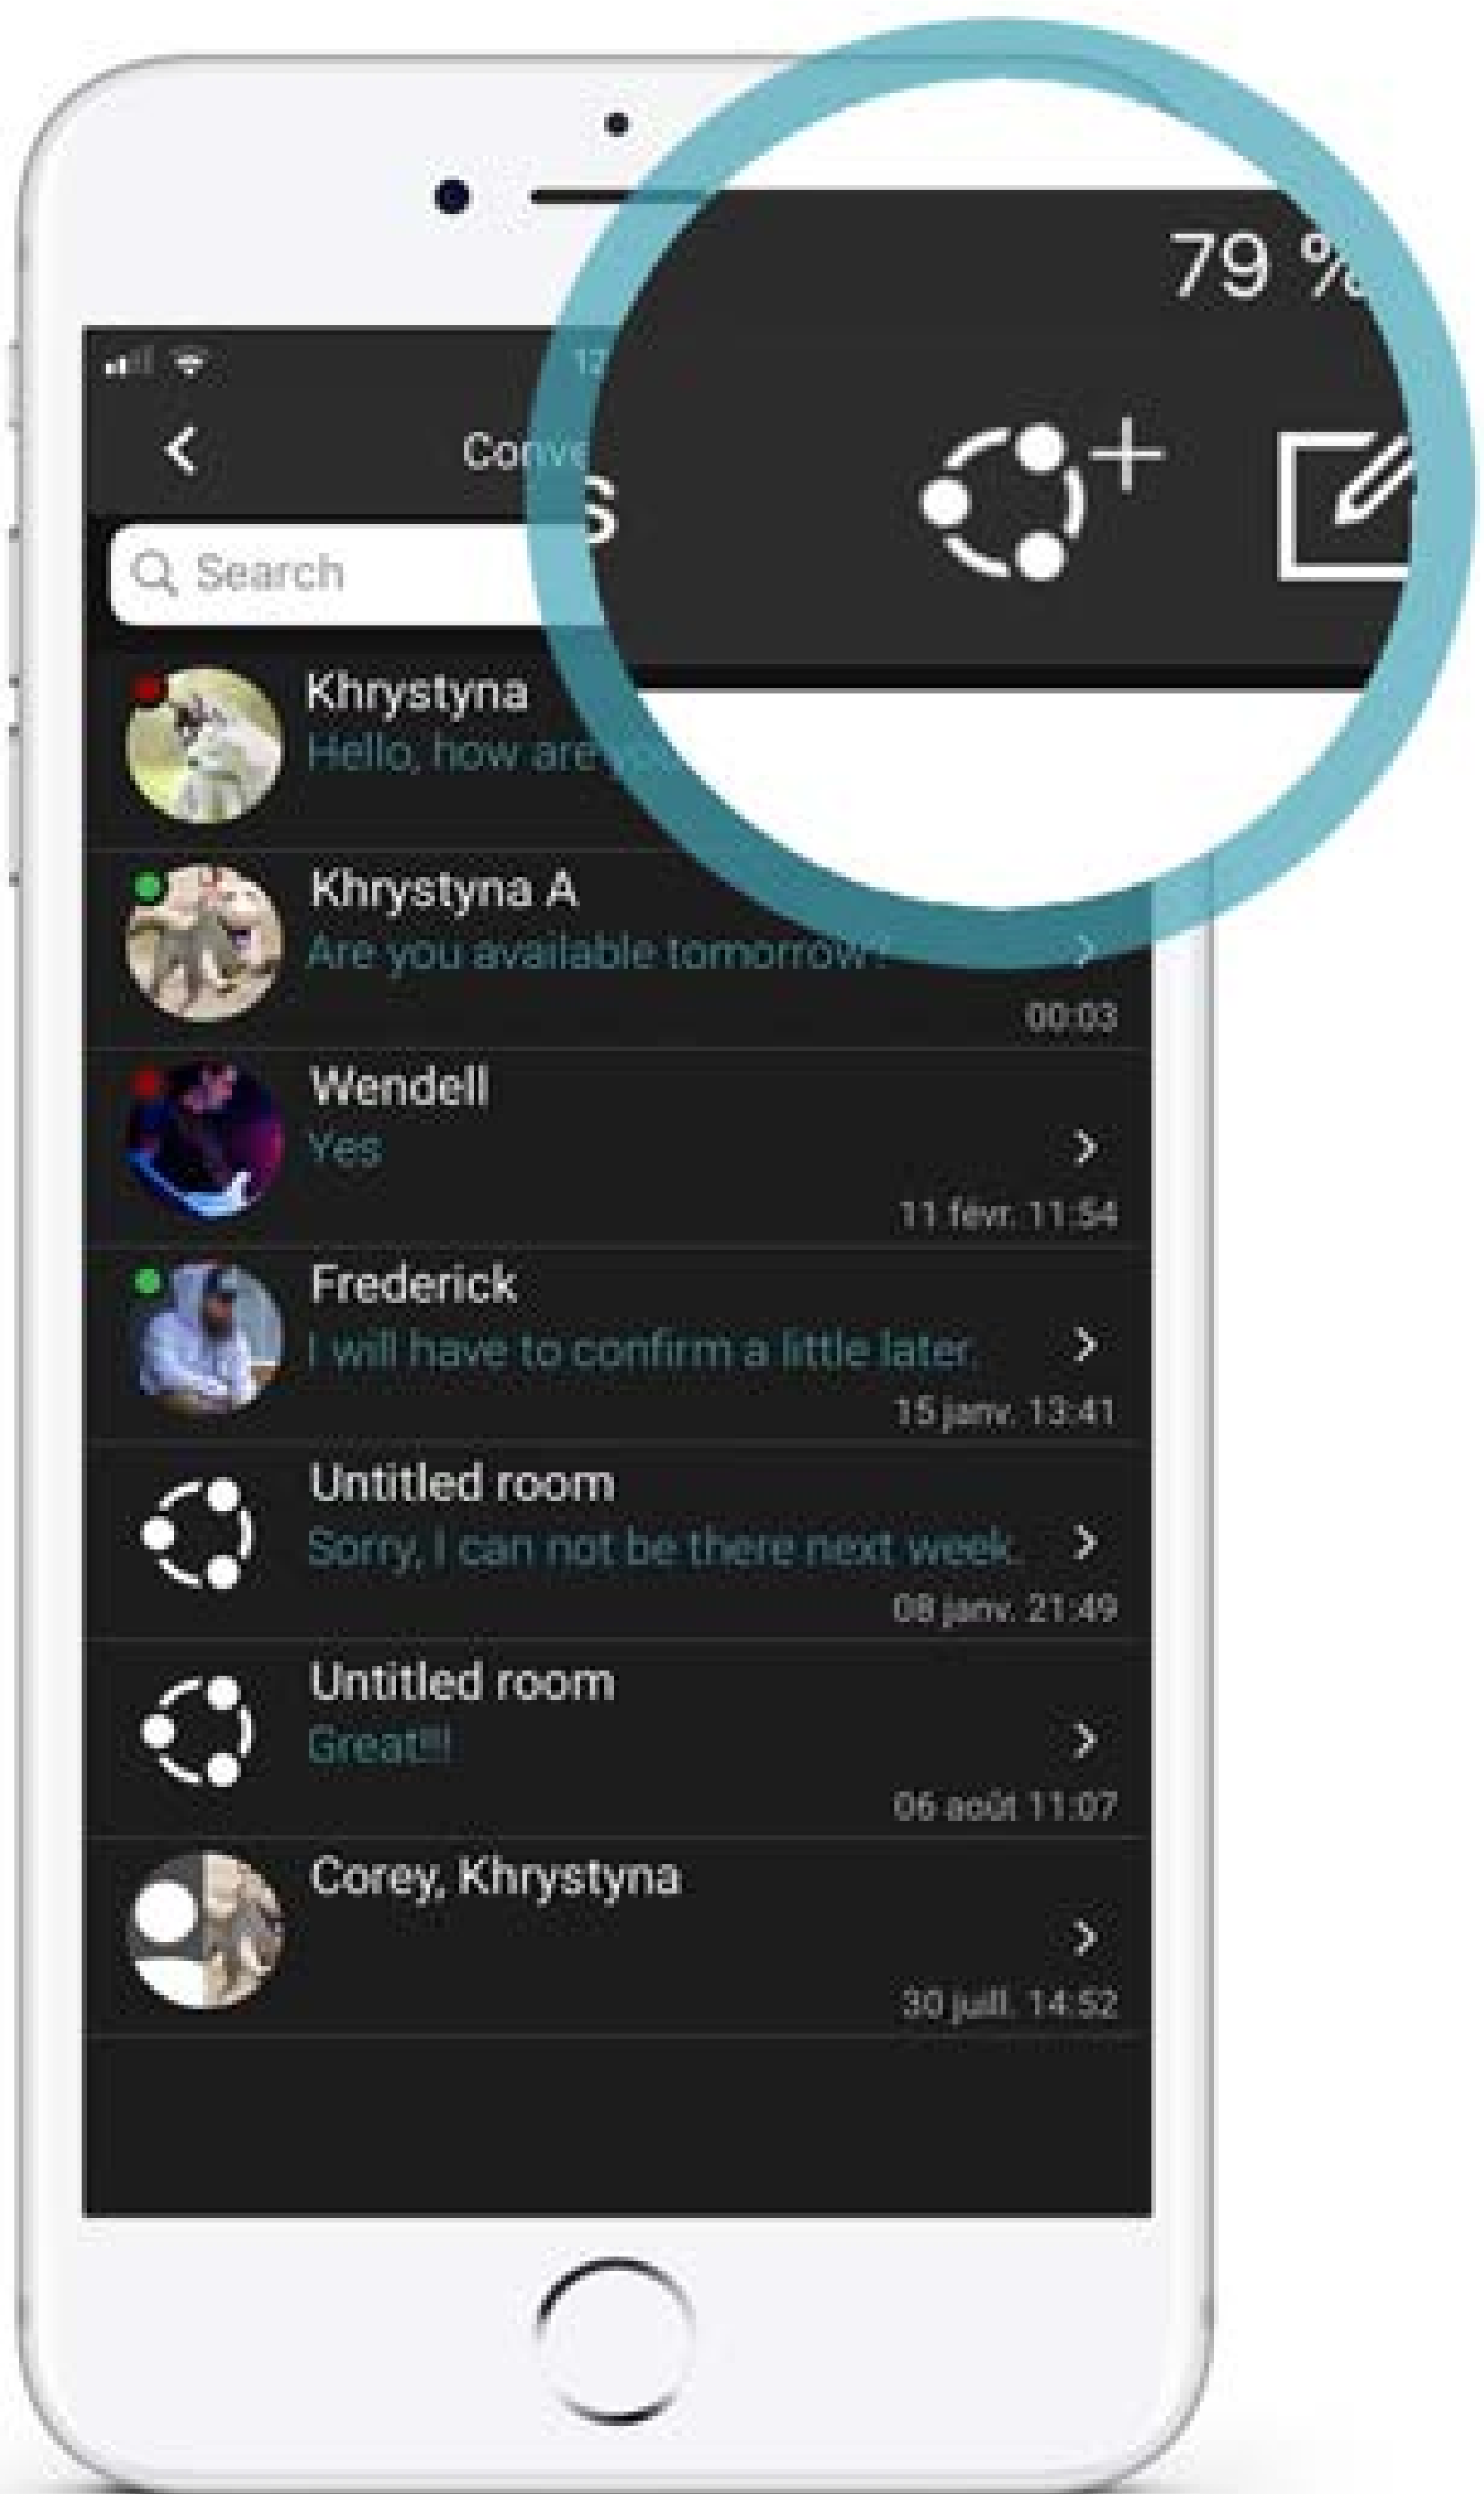

... or create a new one by tapping the “new message” icon

# Instant messaging

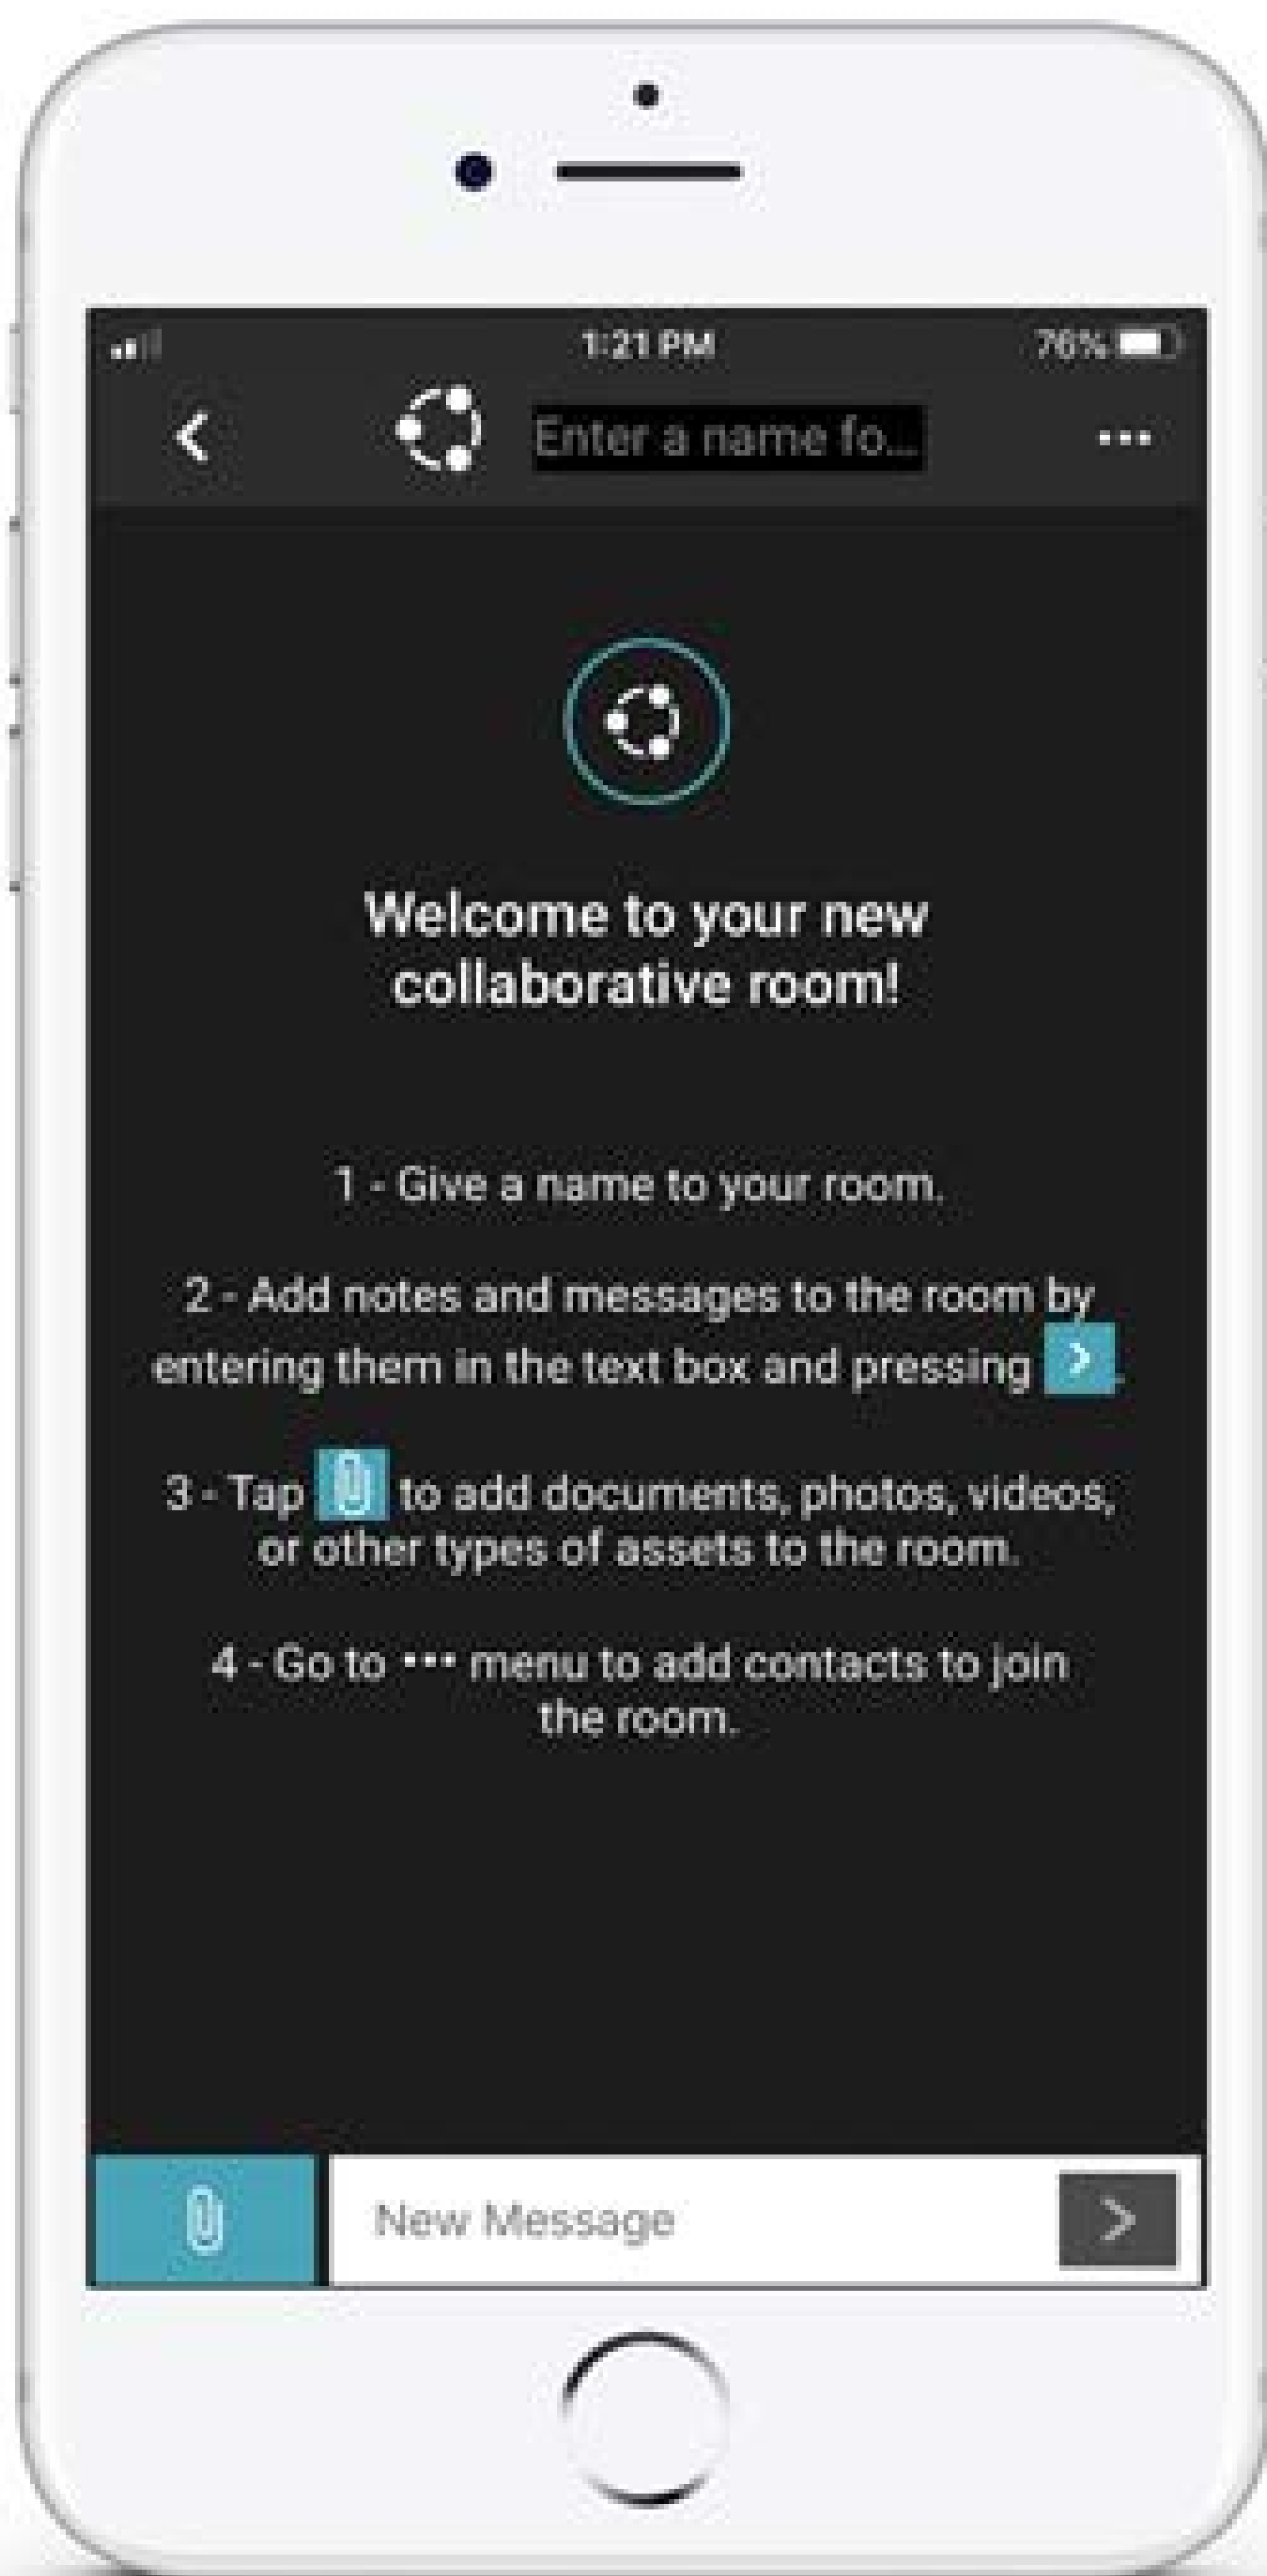

Select one or more contacts  
to start a conversation

# Collaborative Rooms

Create virtual  
collaboration rooms

# Collaborative Rooms

You can invite colleagues and/or patients and securely share messages, images, videos, documents and other types of files

# On-call Status

Add an on-call status to your profile  
(using the upper righthand menu)

You can indicate for which  
function you are on-call, as well  
as turn the status on/off

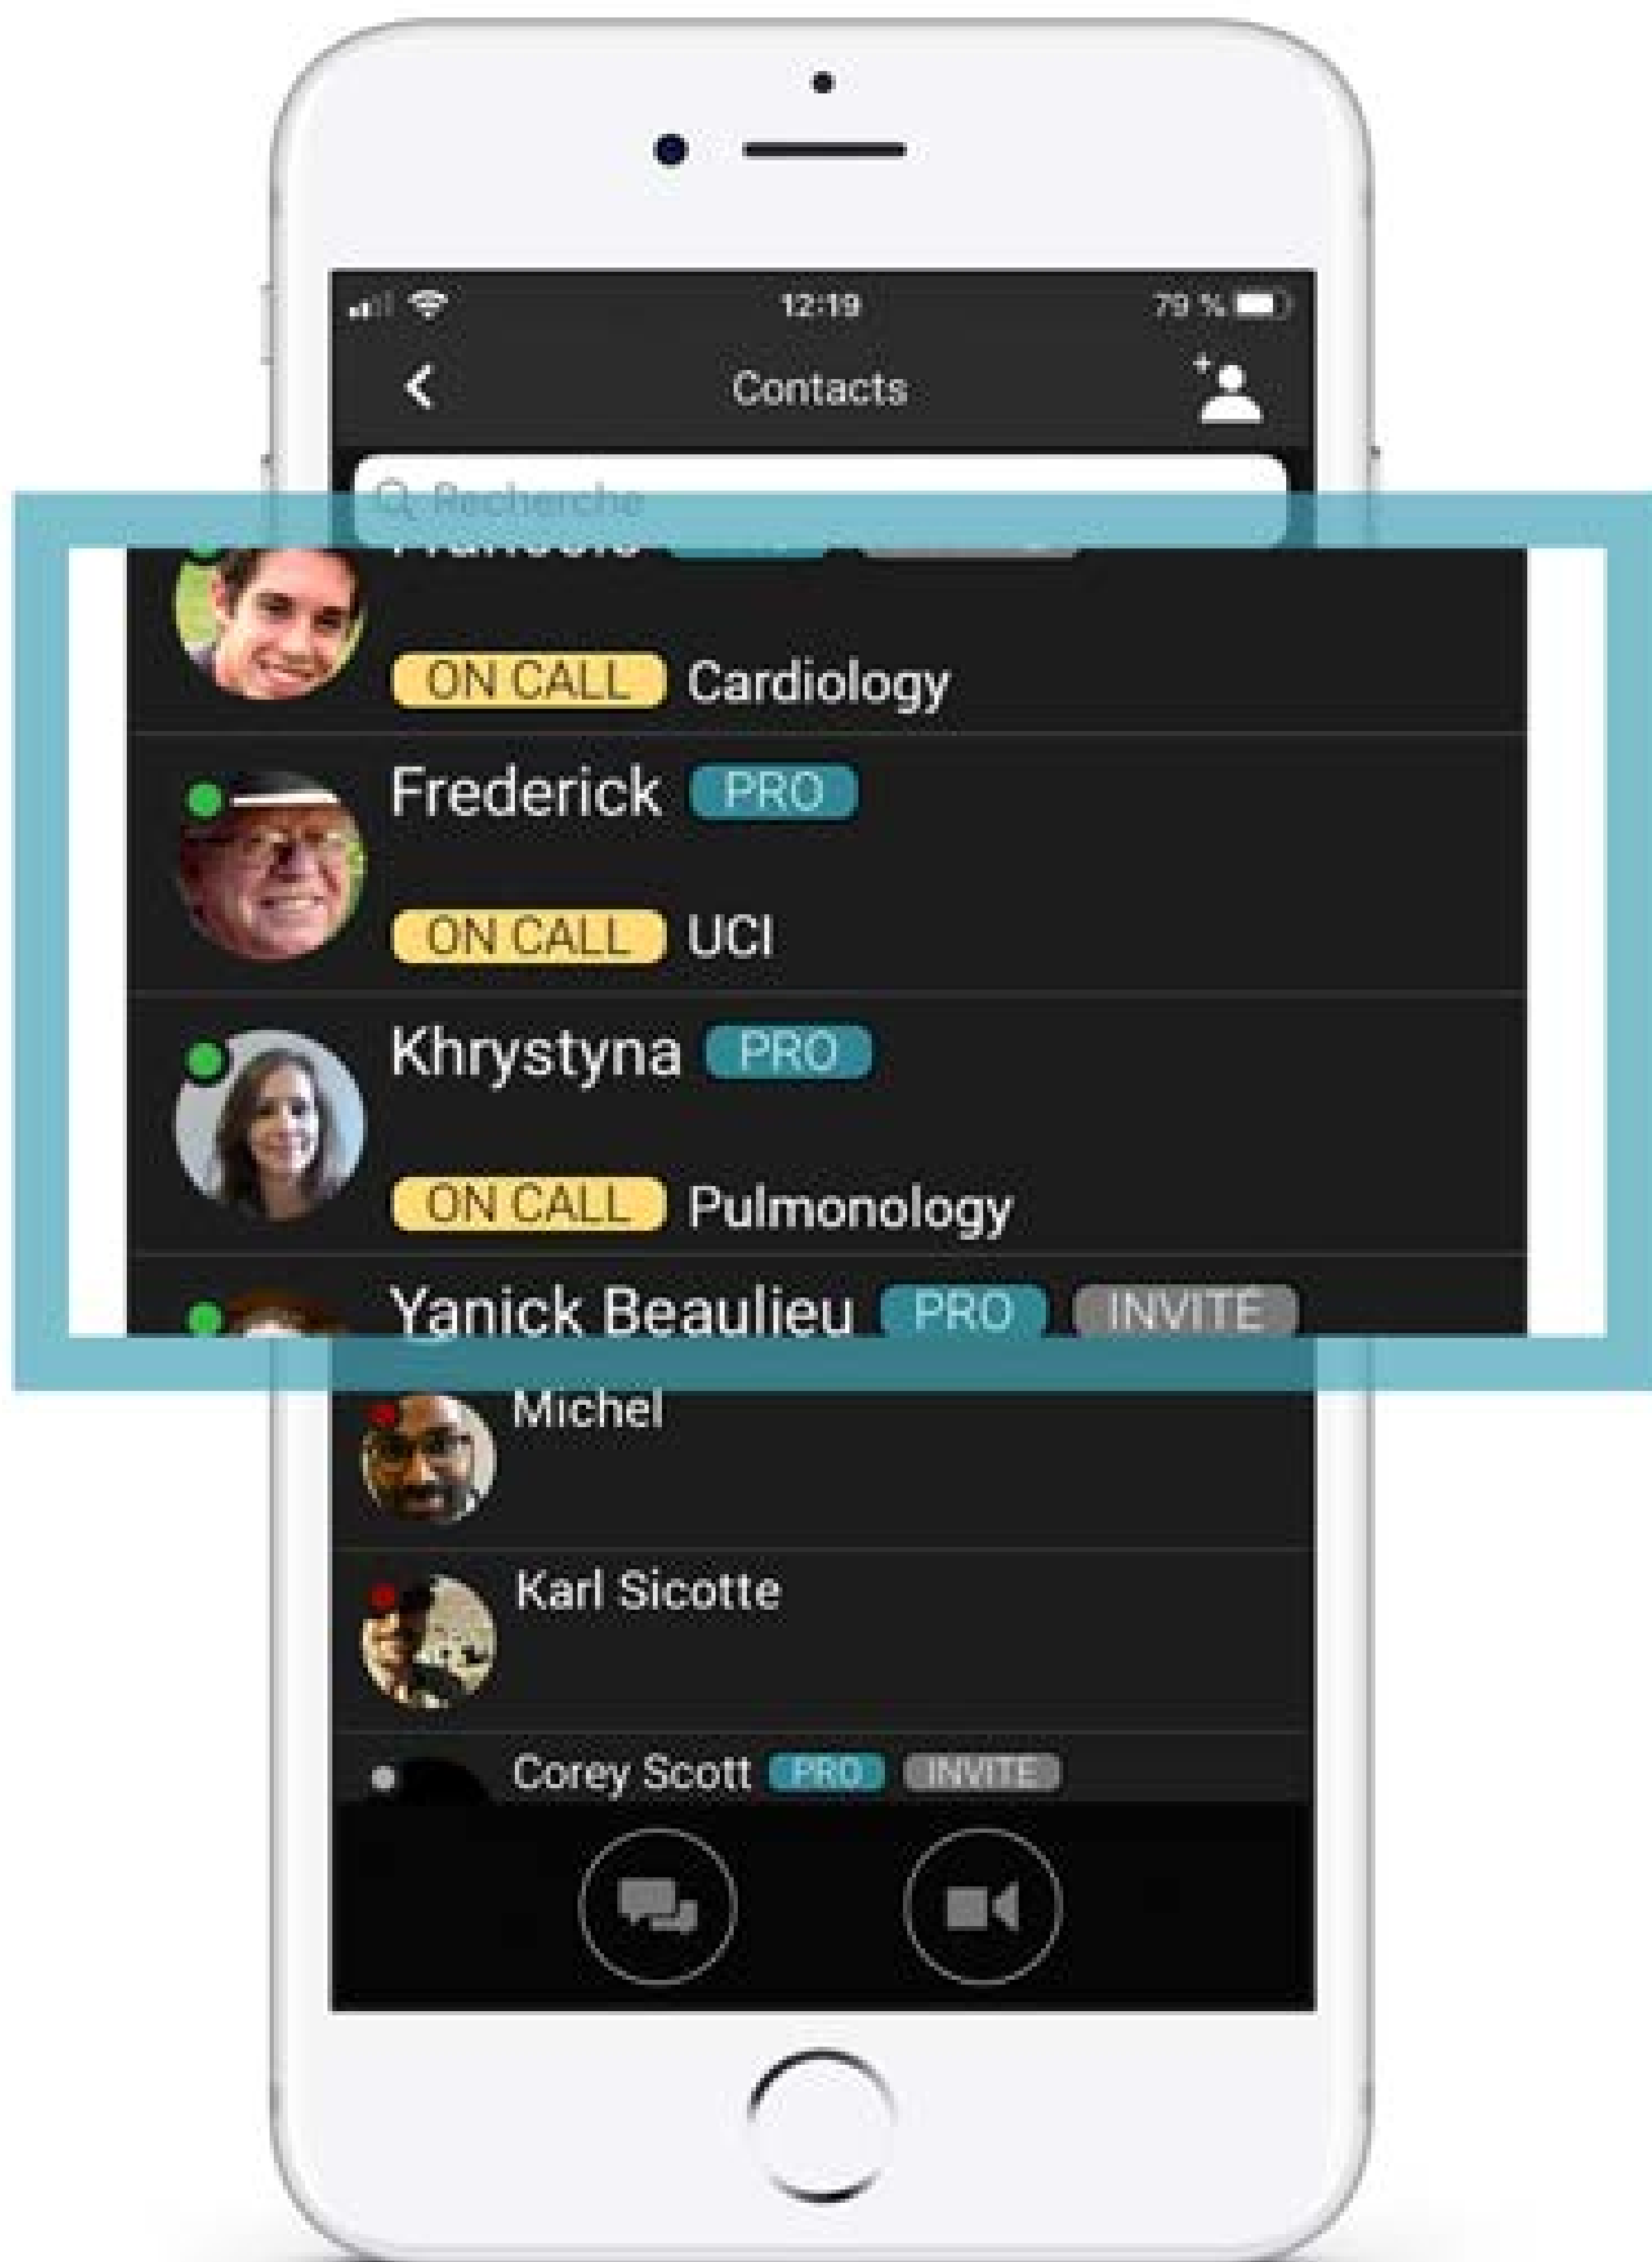

# On-call Status

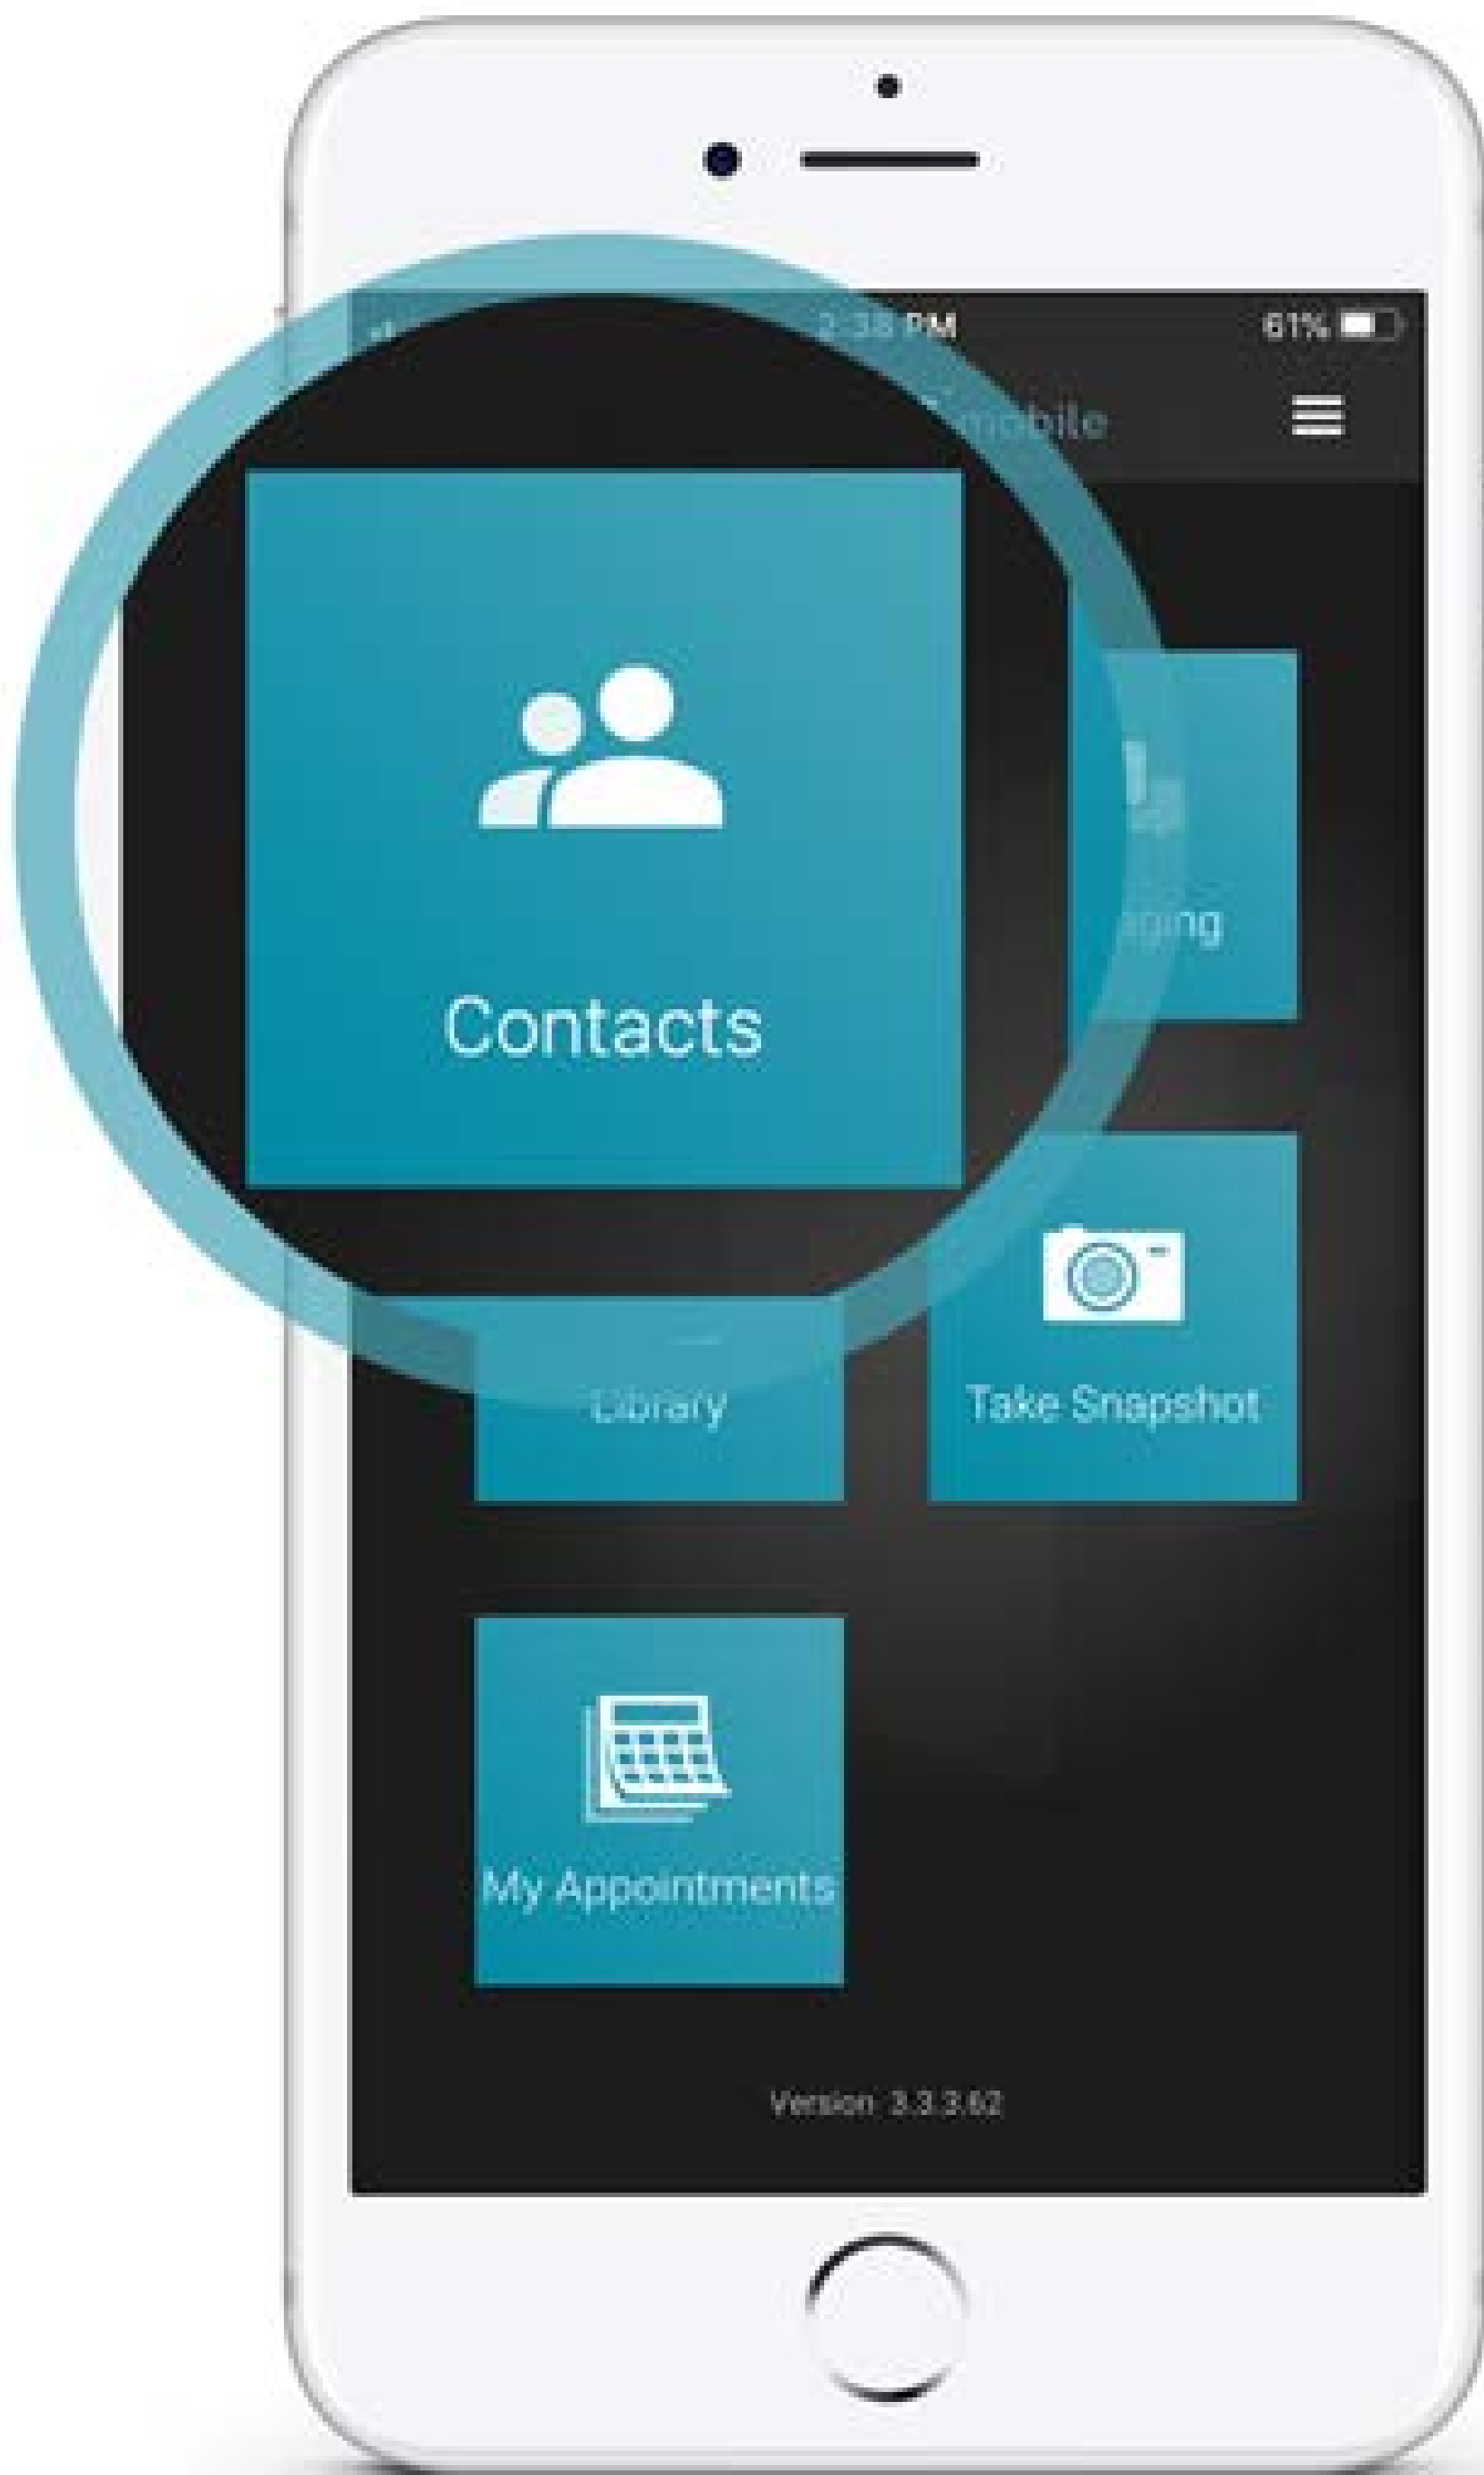

When your on-call status is "on", it's indicated at the top of your homepage

# On-call Status

You can see which of your contacts are on call and contact them directly via secure messaging, audio or video call

# Video call (one-to-one)

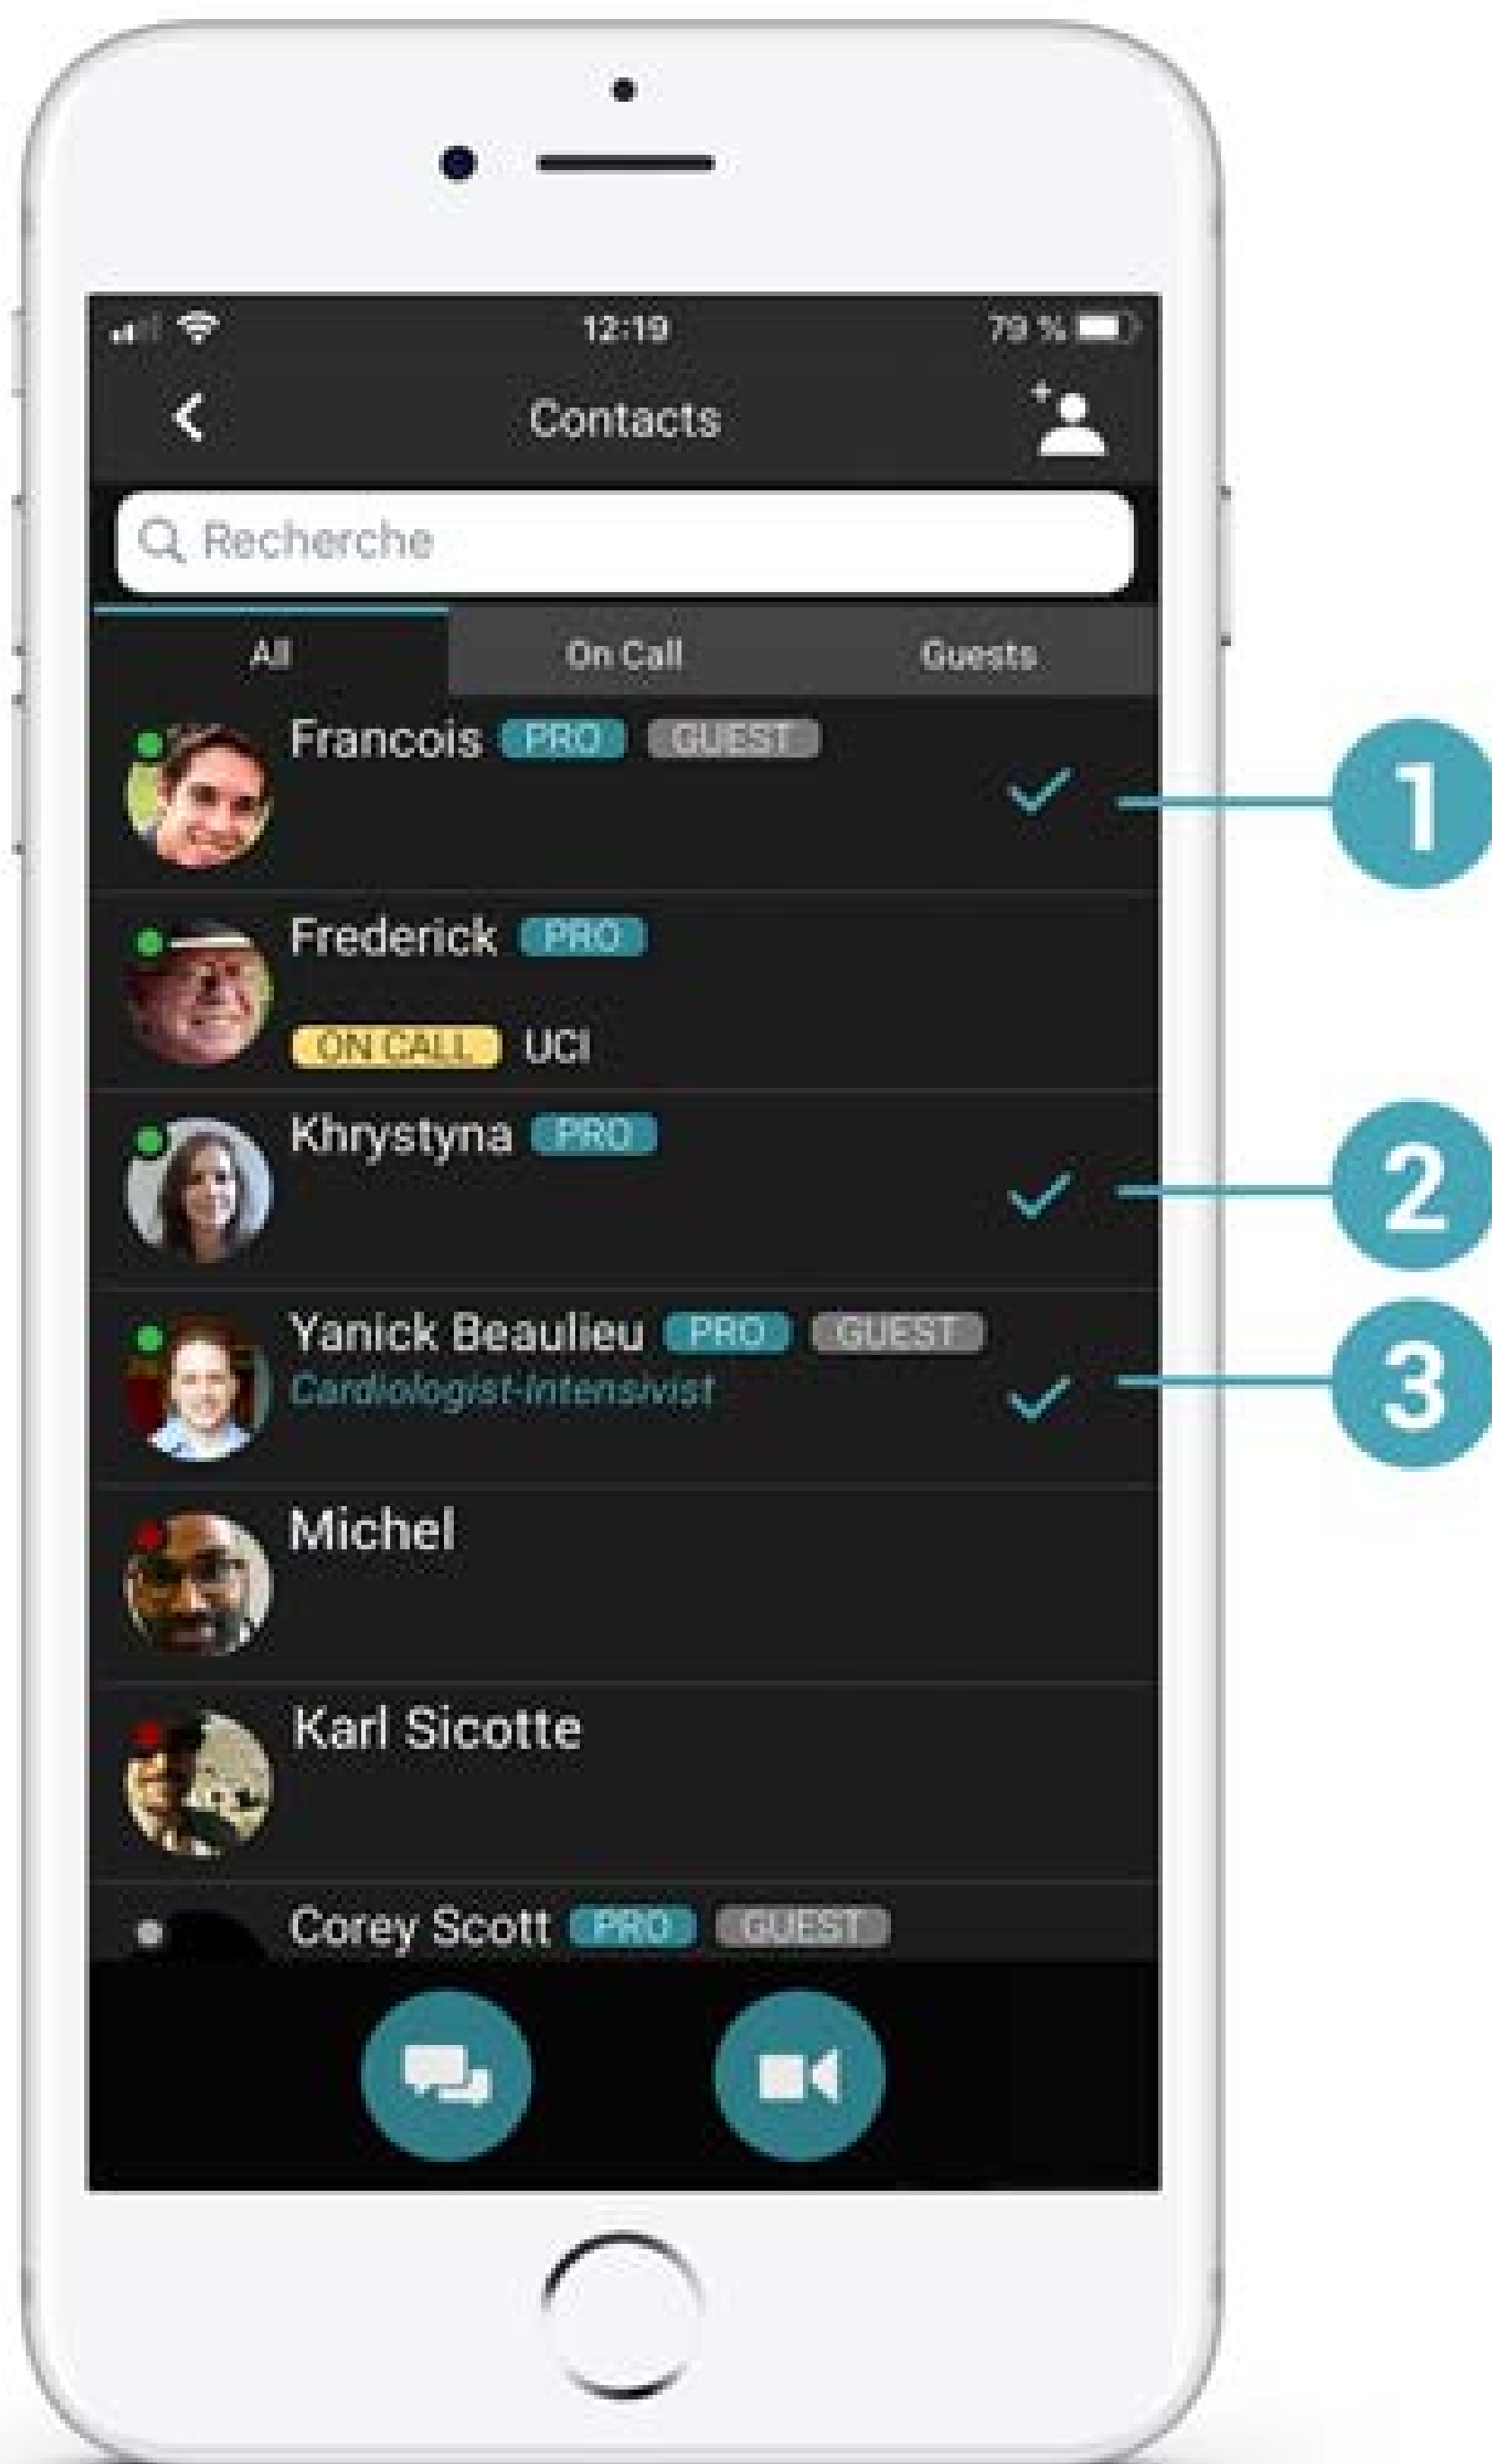

Tap the Contacts icon  
to see your contacts

# Video call (one-to-one)

Select a contact who is online and tap the “video call” icon

# Video call (conference mode)

When you select several contacts for a conference call...

# Video call (conference mode)

... the participants appear one after another as they accept the call
